

‘Like everyone else - unique’

Dear colleagues,

Wednesday September 16th is Learning Disabilities Information Day for the three boroughs and an event is being held at **Kensington Town Hall in the Small Hall** between **10am and 4pm**. There are a wealth of organisations with stalls - come along and find out more about Learning Disability, meet the LD teams and residents, and get advice and guidance on LD issues. [Download the flyer here](#)

There's a lot of information on [People First about Learning Disability](#). We've pages on:

- [assessments and support](#) available for people with learning disabilities
- people with learning difficulties may have particular health problems - we have [information on health support](#)
- [activities](#) and [education opportunities](#) for people with learning disabilities
- younger people with learning difficulties [in transition to adulthood](#)
- we also have an [‘easy-read’ section on the website](#) (which we are expanding) for residents with learning disabilities
- and as always, [check the Events section](#) for a range of ideas for activities and things to do in the three boroughs

As with all our emails please help us spread the word about People First to the public and to professionals by forwarding this email on to people in your organisations and networks.
