

# Deaf blind services

This leaflet tells you about services to improve your quality of life and increase independence while living with both sight and hearing loss.

## **Who is the service for?**

The service is for anyone aged 18 or over, who lives in Hammersmith & Fulham and have both hearing and sight loss.

## **What help is available?**

There are different degrees of deaf blindness, so the type and amount of help needed varies. For this reason, we carry out an assessment before we arrange services. This is an opportunity to talk to you about your needs and to make sure we provide the right level of support for you.

The assessment can be carried out using 'hands on signing', manual alphabet, block and British Sign Language (BSL).

Examples of some of the services provided following your assessment are:

- **equipment** to help you manage in your own home

- **information** about the services and activities available locally
- **practical** help with interpreting letters and telephone calls
- **support** from a social worker with practical and social problems
- **referral** to other services such as the meals service or home help service.

## **What equipment is available?**

The team's assessment officer will talk to you about specialist equipment. There are a number of aids available on loan from social care services. These include:

**daylight lamp**

**flashing light doorbells**

tv magnifier

loop systems

big button  
telephones

telephone  
amplifier

walking cane

talking calendar  
clock

## Do I have to be registered?

Registration helps us know how many people with hearing loss live in the borough. This helps us plan our services. If you choose not to register, it will not affect your assessment for services.

How you can receive a service.

You can receive a service through or by:

- Appointments
- SMS/email/phone/Minicom/fax
- Home visits
- Being signposted to other services

## How do I find out more?

Please search for 'sensory impairment', 'adult social care' 'deaf services', 'hearing loss', 'blindness' or 'sight' on **[www.lbhf.gov.uk](http://www.lbhf.gov.uk)**
